

**Maryland State  
Firemen's Association**

**CADET FIREFIGHTER  
PROGRAM  
GUIDELINES**

**May 2006**

This is a guidance document prepared by the Maryland State Firemen's Association to assist individual volunteer fire departments in the development of their youth membership program. The youth membership program is often referred to as a cadet or junior program and is herein referenced as a cadet program.

### **The Maryland Child Labor Law:**

- Youth program membership and activities of unpaid volunteers for a non-profit organization, such as volunteer fire departments, are not considered employment for the purposes of the Maryland Child Labor Law ***provided the activity does not involve hazardous work and it takes place outside the school day, with the written consent of the parent.***
- Therefore, all youth membership programs operated by fire or rescue departments must be structured to ensure that:
  - Applicants and their parents are aware of the conditions of membership;
  - Activities are limited to times outside of the school day and never while school is in session, and;
  - Activities never involve exposure to any hazardous conditions or situations.

### **Hazardous Conditions:**

Children are specifically prohibited from being exposed to any hazardous condition. It is well documented, that Children often lack the judgment to understand the dangers that may surround them, especially when exposed to mechanical equipment. Each fire or rescue department must ensure that a responsible adult is given the authority and responsibility to oversee and manage the activities of the cadet program. Cadet members must be supervised during their activities and the supervision must be adequate and consistent. Supervisors must be accountable to the fire departments cadet program manager. Consistent with the United States Department of Labor, the Maryland Commissioner of Labor and Industry has concluded that certain conditions are hazardous and they include operating or assisting to operate, clean, oil, set up, adjust, or repair certain power-driven woodworking, metalworking, bakery, meat processing, and paper products machinery - including meat slicers, paper box compactors, mixers, and saws. Supervisors and managers must be mindful that the aforementioned list is not inclusive of all hazardous conditions. Each activity must be assessed with the understanding that exposure to hazards can occur from physical, chemical, environmental, or emotional (stress) conditions or actions. Programs must be structured with rules of conduct that effectively preclude cadet members from ever being exposed to a hazardous condition.

### **Parental Consent:**

The parents of every cadet member must acknowledge and agree in writing that their child is participating in a structured program as an unpaid volunteer. Additionally, the parent should acknowledge the syllabus of the training program and a brief description of the activities. Each fire or rescue department should prepare acknowledgment form that the parent(s) signifies for each cadet member indicating that the parent understands the conditions of cadet membership.

### **Work Permits:**

- Work permits are required for all minors under the age of 18 to work in the State of Maryland.
- Work permits are not required for youth program activities of unpaid volunteers for a non-profit organization, such as volunteer fire or rescue departments because the activities are conditionally not considered work.

## **FIRE/RESCUE CADET PROGRAM**

**"Discipline and Respect"**

### **MISSION STATEMENT**

The Anytown Volunteer Fire Department (AVFD) Fire/Rescue Cadet Program has been developed to instill in each Cadet, a sense of character, confidence, and self-esteem. The program will also teach fire/rescue skills, self-discipline and respect. This program is free and targeted to the age group of 10 to 16 year old candidates. Cadets will participate in training related to fire prevention, control, and emergency medical services. The program will include formal training supplemented by field trips and developmental assignments.

### **REQUIREMENTS**

Cadet applicants must:

Be 10 to 16 years of age at the time of application.

Submit an application and appropriate forms (with parental/guardian approval) to the AVFD Fire/Rescue Cadet Committee for approval.

Submit medical information that includes written consent to treat, medical history, current conditions, medications and allergies.

Be sponsored by an "active" member of AVFD, who will be accountable for the training and discipline of that Cadet.

Reside in the Anytown first due area.

Maintain a grade of "C" or better in all school classes.

### **REGULATIONS**

The Fire/Rescue Cadet Program consists of Junior Cadets, 10 to 13 years of age, and Senior Cadets, 14 to 16 years of age (at 16 years of age, the Cadet has the option of remaining in the Cadet Program or applying for regular membership in AVFD with parental permission).

Upon being voted into the program, all Cadets will serve a probationary period of 6 months. If a probationary Cadet violates any of the program policies, their probationary period will be extended an additional month for a first offense and may result in more severe departmental disciplinary action being taken if other offenses occur.

All Cadets shall maintain a "C" average or better and will give a copy of each current report card to the Fire/Rescue Cadet Chairperson for review. Any Cadet not maintaining a "C" average or better

will not be allowed to participate in any Cadet functions and failure to present a current report card after being given a reminder, will result in disciplinary action being taken.

AVFD reserves the right to limit the number of Cadets in the program.

Cadets must understand and abide by the AVFD Constitution, By-Laws, rules and regulations of the corporation and those specific policies that govern the Fire/Rescue Cadet Program.

The AVFD Fire/Rescue Cadet Committee oversees and regulates this program, under the direction of their Chairman who reports to the AVFD Board of Directors.

The AVFD Constitution and By-Laws precede any and all regulations of the Fire/Rescue Cadet Program.

If the Cadet no longer meets the requirements or violates the regulations, they may be suspended or dismissed from the program by the AVFD Fire/Rescue Cadet Committee.

Shall pay no initiation fee to join the program; however dues is \$1.00 per month and will be collected from each member by the Fire/Rescue Cadet Program Treasurer each month.

Training/program materials will be provided to all Cadet applicants. For the duration of the Cadet being in the program these materials will remain in the custody of the Cadet. Upon leaving the program, all materials and company property will be returned to the department or a replacement fee will be levied against the Cadet.

## **STANDARD OPERATING GUIDELINES**

At no time will a Cadet be allowed to ride on fire/rescue apparatus that is "responding" to a call.

Cadets will only be allowed in the fire station under the supervision of a AVFD member. If a Cadet is in the fire station when the station is alerted for a call, they must go immediately to the kitchen area until all apparatus has left the property.

Upon the Cadet's arrival at the station, the Cadet shall have duties assigned to them. A signboard will be provided for the Cadets, as well as a list of duties.
